Why Magnetic?

-  **Easy to fit** - it takes less time & hassle taken to fit these products!
-  **Seamlessly quiet closing** - No noisy door closing! Almost silent due to being magnetic!
-  **Clean, Sophisticated & Elegant** - The look of a closed door without a visible striker plate speaks volumes creating a streamline finish!
-  **Flush Finish** - There is no chance of catching clothes or arms on protruding latch tongues or striker plates - preventing children from hurting themselves too!
-  **Reliability** - Our Mag-Locks are manufactured in a ISO 9001 factory and we have only heard good words about our mag-latches!
